

CREDENTIALS SHEET

How to sign in to MediCore Hospital

Three doors: Staff run the wards, a Patient sees only their own file, Admin can switch Staff / Patients / Combined at the top right.

Start the site: open Desktop → MediCore-Pages → SERVER and double-click **START SERVER AND DATABASE.command**. Then open <http://127.0.0.1:5000> and choose Sign in.

Passwords are stored as hashes in medicore.db. This sheet lists the demo passwords so you can teach the system.

1. Three login types

Tab	ID example	Password	Opens
Staff	DOC-1001	123456	Hospital dashboard
Patient	P-4821	Aarav21	That patient's file only
Admin	ADMIN-1000	Admin24	Full access + view switch

2. Administrator

ID **ADMIN-1000**

Password **Admin24**

After sign-in, use the three pills at the top right: **Staff** (wards, pharmacy, billing), **Patients** (every portal file), **Combined** (both).

3. Staff (doctors)

Shared password for every staff ID: **123456**

Staff ID	Password	Notes
DOC-1001	123456	Doctor console
DOC-1002	123456	Doctor console
DOC-1003	123456	Doctor console
DOC-1004	123456	Doctor console
DOC-1005	123456	Doctor console
DOC-1006	123456	Doctor console

4. Patients (portal)

ID is **P-** plus four digits. Password is the **first name** (letters only) plus the **last two digits** of the ID. Example: Aarav Sharma + P-4821 → **Aarav21**.

A patient sees only their details, reports, appointments and bills, and can pay an open bill. They cannot open another patient's file.

Patient ID	Name	Password	What they see
P-9267	IMRAN	IMRAN67	Own reports, bills, details

Patient ID	Name	Password	What they see
P-4821	Aarav Sharma	Aarav21	Own reports, bills, details
P-3304	Ritu Verma	Ritu04	Own reports, bills, details
P-7718	Nikhil Patil	Nikhil18	Own reports, bills, details
P-2196	Sneha Patil	Sneha96	Own reports, bills, details
P-6402	Fatima Khan	Fatima02	Own reports, bills, details
P-5580	Kabir Reddy	Kabir80	Own reports, bills, details

5. New patients

When staff click Register patient, the server creates a new P-xxxx ID and a portal password (first name + last two digits). That password is shown once on screen — copy it for the patient. Rebuild this PDF after you add people if you want the sheet to stay complete.
